Part II — Program Information

Description of program:

With operations headquarters in Bloomfield, CT, the applicant, The GHPA Youth Basketball Program, Inc. (GHPA – YBP) is a 501(c)(3) non-profit organization. The organization operates a year-round basketball skills-development program -- with a competitive tournament orientation -- for more than seventy (70) youth, attending school, grades 5-12, in the Hartford area. Most of these youth (boys and girls) are from low-moderate income families and participate in their schools' free lunch program. Over the course of a July – June program year, the GHPA – YBP works with local schools, churches, and other interest groups to recruit players, coach basketball and 'team' skills, identify and secure practice facilities, nurture and develop competitive players, forge teams (with sponsorships) and compete in local AAU competitions.

One of the GHPA-YBP's proudest accomplishments has been its success with community and youth outreach programs started as an effort to give back to the communities that have been growing great athletes in parks, schools, and recreation centers for years. The response is clear. The GHPA annual youth basketball tournaments, clinics, workshops, have made the GHPA Youth Basketball Program an essential part of Greater Hartford Community. 

Need for program:

Urban youth need positive, healthy, active, engaging and rewarding programs that nurtures their development as students and athletes – participants in a community where hard-work, achievement and self-respect evolve in unison. The kids need it; the community needs it. Our mission is to keep kids off the streets and in the gym!

Neighborhood area to be served:

The GHPA – YBP will serve the youth from all of the neighborhoods of Bloomfield (and many from surrounding communities.)

Total number of recipients:

Seventy to eighty different youth will participate.

Part II — Program Information

Description of program:

The purpose of the Nutmeg Senior Rides program is to provide subsidized affordable door-through-door personal transportation 24/7 for income-eligible seniors (aged 50+) or vision-impaired residents of the community who seek to maintain their independence as they give up their vehicles and driver's licenses.

Need for program:

Nutmeg Senior Rides is structured as a membership organization and members (seniors or vision-impaired) pay a regular monthly (or yearly) membership which helps sustain the organization financially and entitles the members to personal transportation for any local travel that interests them: doctors' appointments, health care needs, cultural, civic, community, educational, recreational and/or familial events. Nutmeg Senior Rides provides dignified door-to-door transportation for members. Evidence gathered in the community has established, however, that there are a number of community residents who cannot afford un-subsidized membership payments.

This alternative transportation program uses primarily volunteer drivers who provide door-through-door rides in private vehicles. Grant funding would allow us to subsidize the transportation costs associated with our targeted clientele, particularly those who are women, ethnics, minorities, and economically challenged.

Neighborhood area to be served:

We provide rides to seniors and adults with visual impairments in Bloomfield, East Granby, East Windsor, Enfield, Granby, Somers, Suffield, South Windsor, Windsor and Windsor Locks.

Part II — Program Information

Description of program:

Rough Edges Art Productions, Inc. is pleased to have worked on the development of an "Education, Outreach in Bloomfield" program. This program is built around an oil-on-canvas mural by a Bloomfield resident artist, Michael Borders, called The Connecticut Industrial Mural, which depicts the history of industry in Connecticut since pre-colonial times. This mural has already proven itself to be an engaging tool to trigger the imagination of school students of every age. Mr. Borders has developed an educational program for communicating history, arts, social science, as well as Science, Engineering, Technology and Mathematics for students of all ages. This program will help transform the physical object (the mural) via the digitization process into a multi-level educational tool to benefit our Bloomfield students, as well as Bloomfield library patrons and adults in senior housing in Bloomfield.

Need for program:

Bloomfield Schools system, like many other public schools in the area / nation, is constantly striving to find exciting tools to facilitate and enhance the goals of providing a high quality learning experience for its students, the majority of whom participate in the free school lunch program. Projects that capture the imagination of students and which can help students engage with and achieve an education in diverse fields such as arts, history, social studies, as well as the STEM areas ... are as desirable as they are rare. A key to education is creative engagement with the students. Creative engagement by students with a massive art project (created by a Bloomfield resident) ... an eight-panel oil on canvas mural celebrating the history of industry in Connecticut ... is both a need and an opportunity not to be overlooked. It could have dramatic positive impact on the school system and its ability to engage students. Similar positive results are expected for library patrons and/or seniors who interact with the actual or the "virtual" / digitized version of the mural.

Dear Applicant,

We received your application for exemption from Federal income tax and your user fee payment.

During the initial review process, applications for exemption are separated into three groups:

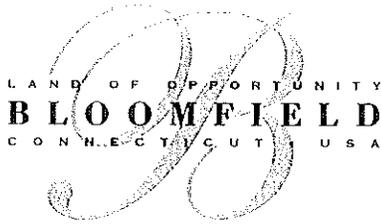

1. Those that can be processed immediately based on information submitted,
2. Those that need minor additional information to be resolved, and
3. Those that require additional development.

If your application falls in the first group or second group, you will receive your determination letter stating that you are exempt from Federal income tax or a request for information via phone, fax, or letter. If your application falls within the third group, you will be contacted when your application has been assigned to an Exempt Organizations specialist for technical review. You can expect to be contacted within approximately 90 days from the date of this notice.

IRS does not issue "tax exempt numbers" or "tax exempt certificates" for state or local sales or income taxes. If you need exemption from these taxes, contact your state or local tax offices.

General information about the application process and tax-exemption can be found by visiting our website, www.irs.gov/eo. Dear Bloomfield Town Council,

The CT Neighborhood Assistance Act Tax Credit program is a State Department of Revenue Services' initiative designed to encourage private corporations to support worthy activities that benefit our communities, which are carried out by non-profit organizations. As part of this funding process, municipalities, play a supportive role acting as a pass-through of the non-profits applications to CT-DRS.

Bloomfield has played this role in the past with a number of community projects. I understand that the Town has another opportunity this year, with an Education and Outreach program, sponsored by the non-profit, Rough Edges Art Productions focused on Michael Borders' Connecticut Industry Mural. Although the work of art is a massive (400 square feet) oil-on-canvas mural, it is also a teaching tool.

Mr. Borders, who is a Bloomfield resident, and nationally known and respected muralist has worked with the Library in the past, and is making a presentation at the Library (about his mural) as part of the First Annual Celebrate Bloomfield Festival. The CT NAA project, if fully funded, would allow Mr. Borders to continue this relationship with the Library – helping us address one of our critical functions as a community resource, facilitating access to information. I understand that the project would also focus on providing information to students in our school system and adults in senior housing.

I am pleased to endorse the project and hope that the Town Council approves it unanimously and passes it on to the state for final approval.

Sincerely,

Roberta LaMonaca,

Dear Bloomfield Town Council Members,

I am pleased to have this opportunity to recommend your approval of an application enabling private corporate investors to support an innovative approach to education and industry for our students.

Michael Borders, a Bloomfield resident, is a painter, an internationally-renown muralist and an historian. Through his murals, Mr. Borders captures Connecticut's rich industrial history. By viewing these murals, our students will expand their conceptual understanding of Connecticut's impact on industries across the nation.

Working through Rough Edges Art Productions, a non-profit organization, the project may receive full funding by the private sector at no cost to the Town or District.

Through the CT Neighborhood Assistance Act Tax Credit program, corporations invest money to support projects that benefit students. In turn, the Connecticut Department of Revenue Services offers significant tax credits to interested corporations. As part of this funding process, municipalities play a supportive role as a pass-through of the non-profit's applications to the Department of Revenue Services.

Please consider approving this application as an opportunity for our students.

Sincerely,

Part II — Program Information

Description of program:

NAPTA a 501(c)(3) non-profit organization utilizing young adults who have personally faced addiction, to confront teens and deter young people from substance abuse. NAPTA is a local, Capital Region based organization that works with municipalities, school systems, youth-service agencies, churches, parents and youth to address the problem of Teenage Addiction. We propose to provide a variety of presentations to interested parties in the Bloomfield area (town leaders, school leaders, parents groups, churches, youth service agencies, and most importantly youth, in the school system who are in grave and increasing danger of getting inadvertently drawn into the web of Teenage Addiction. If fully funded our program PREVENTING TEENAGE ADDICTION - Bloomfield would be able to make a concentrated effort to spread the word about Preventing Teenage Addiction -- not the obstacles to prevention, but the opportunities. Each presentation would be tailored for the group in attendance. Informative sessions would be available for students in the public school system, the public (perhaps by meetings at the Public Library, PTO meetings, church and youth groups. As many as fifty different presentations could be made over the course of the program year.

Need for program:

Bloomfield Schools system, like many other public schools in the area / nation, is constantly striving to address the scourge of Teenage Addiction. Although many towns and school systems develop and try to implement ad-hoc programs -- with indifferent results, NAPTA has developed a full array of programs including Live Presentations in schools. Our school presentations consist of young adults (25 to 35) who have personally faced addiction and understand its seductive temptations from the inside. By sharing their personal stories, along with graphic video reenactments to illustrate the true consequences of substance abuse, students trust them as peers and heed the credibility of their warnings. Our youth presenters "testify" in public as recovering teenage addicts ... and young students listen. Variations on the problems / solutions program can be adapted for adult groups who need to know. All of this programming would be provided absolutely free to the host agencies, insofar as funding through the CT NAA 15 Tax Credit program is available.

Re: 2015 Connecticut Neighborhood Assistance Act Program Proposal

Dear Abigail:

The Fidelco Guide Dog Foundation has placed over 1,400 guide dogs with men and women in Connecticut and across North America including guide dogs to military veteran heroes who have sacrificed so much for all of us. Fidelco's blind clients are not statistics – they are our children, parents, grandparents, neighbors and co-workers.

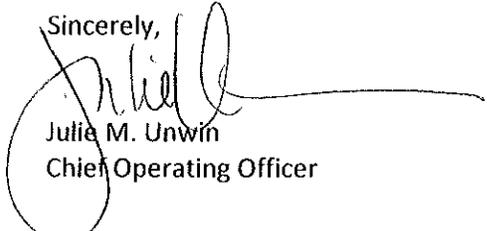

Fidelco respectfully submits the enclosed 2015 Neighborhood Assistance Act Program Proposal (NAA-01) for your review. Fidelco seeks \$150,000 in 100% energy efficient tax credits to help us solicit corporate donations to replace the remaining three HVAC units in the kennel area. Replacement of the antiquated systems is critical for our operations of breeding and training our German Shepherd dogs who will one day become live-changing Guide Dog Partners for men and women who are blind.

The replacement of the HVAC systems will provide Fidelco, a 501(c)(3) charitable not-for-profit, with considerable energy conservation and savings.

Your consideration of our request for 2015 would mean so much to the blind clients we serve, as Fidelco continues to create life-changing partnerships – all of which originate from our Bloomfield campus.

Please contact me if you have any questions or if you would like additional information. Thank you for helping Fidelco to continue to Share the Vision®.

Sincerely,

Julie M. Unwin
