

# THIS WEEK IN BLOOMFIELD

**[CLICK HERE FOR A FULL LIST OF ALL TOWN MEETING AND COMMUNITY EVENTS](#)**

**Hello Brian,**

As 2025 unfolds, the energy of fresh beginnings fills our community with hope and connection. This month offers opportunities to come together, share experiences, and engage with one another in meaningful ways. With Black History Month approaching, we prepare to honor the legacies and voices that continue to shape our shared story. May this year bring growth, reflection, and a deeper sense of togetherness for all.

**From all of us at the Town of Bloomfield, stay warm!**

**Respiratory Illness Alert for all residents**

## FLU, COVID-19, & RSV ARE ON THE RISE!

**Protect yourself and your loved ones**

- Respiratory illnesses, including COVID-19, flu, and RSV, are rising nationally and in CT.
- Wastewater data shows high viral activity for all three viruses, indicating increasing infections.
- Emergency visits for COVID are low but rising, while flu and RSV visits are higher.
- COVID cases in CT have risen since the holidays but remain lower than earlier in the fall.
- Hospitalizations increased from 104 to 160 in the week ending 12/28.
- CDC models predict cases will continue rising in the coming weeks.

**WHAT YOU CAN DO**

- Wash your hands often
- Stay home when sick
- Avoid close contact with others who are sick
- Cover coughs and sneezes – into the elbow or tissue is best!
- Clean frequently touched surfaces
- Wearing a mask when sick

## FREE FENTANYL TEST STRIPS & NARCAN

Opioids are a class of drugs that include synthetic opioids like fentanyl and prescription pain relievers such as oxycodone and hydrocodone.

**Fentanyl** is a powerful opioid that significantly increases the risk of a drug overdose and can be difficult to detect.

**✓ Safety** Fentanyl test strips can be used to check for its presence in substances. Narcan is a safe, non-addictive medication that reverses opioid overdoses.

### ✓ Prevention

The **West Hartford-Bloomfield Health District** offers FREE fentanyl test strips and Narcan to prevent overdoses and help keep people in our community safe.

### ✓ Supplies are limited. First come, first serve.

West Hartford and Bloomfield residents can pick up supplies at our Bloomfield location Monday through Friday and West Hartford location Monday, Tuesday and Friday in room 417 from 7:30 am to 3:00 pm. Just walk in, no questions asked.

Proof of residency is required (ID, addressed mail).

### **Governor Lamont Signs Law Establishing Property Tax Exemption for Veterans With Service-Connected Disabilities**

Governor Ned Lamont signed a new law establishing property tax exemption for veterans with **SERVICE-CONNECTED DISABILITIES**. To receive the exemption, your Department of Veterans Affairs award letter must state exactly: "**YOU ARE CONSIDERED TO BE TOTALLY AND PERMANENTLY DISABLED DUE SOLELY TO YOUR SERVICE-CONNECTED DISABILITIES: YES**"

If your letter does not state this and you believe you may qualify for the exemption, you must contact the Department of Veterans Affairs to get an updated benefits statement and provide it to the Assessor's Office ASAP.

More information on Law can be found here: <https://portal.ct.gov/office-of-the-governor/news/press-releases/2024/05-2024/governor-lamont-signs-law-establishing-property-tax-exemption-for-veterans>

## STAY INFORMED STAY SAFE

*Sign up to receive emergency alerts and severe weather warnings that could directly impact you and your family*

The Town of Bloomfield is switching from CodeRED to CivicReady as our new Emergency Alert Notification System.

This will allow the Town to better alert the residents during emergencies and other important information. We want to ensure that the Bloomfield community is safe and well informed. The CivicReady mass notification solution is a new communication service available to our community allowing them to receive emergency and other notifications.

Communication can be received through email, text and/or phone call according to your selections and based on address locations that you specify.

# NOROVIRUS

Norovirus is a very contagious virus that causes vomiting and diarrhea. It causes acute gastroenteritis, an inflammation of the stomach or intestines. It is sometimes called the "stomach bug".

### DID YOU KNOW?

Norovirus is the leading cause of vomiting, diarrhea, and foodborne illness in the U.S. It can affect anyone, but vulnerable groups: young children, older adults, and those with weakened immune systems are at higher risk for severe infections.

### HOW DOES IT SPREAD?

Norovirus is found in the stool (poop) and vomit of people who are infected. You can get sick if norovirus germs get into your mouth. This can happen when you have:

- Direct contact with an infected person
- Consume contaminated food or liquids
- Touch contaminated surfaces and then put unwashed hands in your mouth

**SYMPTOMS:** appear 12 to 48 hours after exposure and include diarrhea, vomiting, nausea, stomach pain, fever, headache, and body aches.

**Severe illness can lead to dehydration, especially in vulnerable groups.** Symptoms of dehydration include decreased urination, dry mouth, and throat, dizziness, crying with few tears, and sunken eyes.

with few tears, and unusual sleepiness.

## HOW CAN I PREVENT THE SPREAD?

Take steps to protect yourself and others, including:

- Wash hands frequently.
- Cook shellfish thoroughly; wash fruits and vegetables.
- Disinfect surfaces with a bleach solution.
- Wash laundry in hot water.
- Stay home for 48 hours after symptoms stop.
- Avoid preparing food for others when you are sick.

## TREATMENT AND RECOVERY

Most people recover from norovirus within **1 to 3 days**, and there is no specific medicine for it. Antibiotic drugs will not help treat norovirus infections because they fight bacteria, not viruses.

- Stay hydrated with fluids like water and broth.
- Rest, and eat bland foods (rice, crackers, toast, bananas).
- Avoid contact with others and stay home from school and work if you are sick. Contact your child's school nurse if they are feeling ill.
- If symptoms worsen or don't improve, contact a healthcare provider.

You can still spread the virus for up to 2 weeks after recovering.
