## MESSAGE FROM TOWN LEADERSHIP

### DANIELLE C. WONG BLOOMFIELD TOWN MAYOR

The Spring session for the Town Council is the busiest. It is the time of year when the Council sets its municipal priorities through the passage of a financially responsible and balanced budget. As the legislative body, this is one of the most important duties we have to act on behalf of the town.

This year, we enter this budget season in a strong fiscal position. In fact, we have one of the strongest fiscal positions in the state. S&P Global rating agency has cited the Town of Bloomfield as having one of the best credit ratings in the entire state at AA+. This is attributed to our strong financial reserves and consistent decisions to pay down on our liabilities.

While one of the most important roles of the Council is establishing a balanced budget, the other critical duty we have is the selection and hiring of the Town's Chief Executive Officer, or Town Manager.

Our current Town Manager is leaving on April 3, 2023. As we embark on a national search for our next town manager, we do this from a place of positivity and strength. I have established a Search & Executive Transition Committee comprised of myself, Deputy Mayor Gregory C. Davis and Minority Leader Joseph P. Merritt. Our role is to make recommendations to the full council for the selection of

a national executive search firm and, as the process evolves, the selection of town manager candidates for the full body to consider. We intend to have extensive opportunities to engage the public in this process, so stay tuned on how your voice can be heard. We believe citizen engagement will be critical to us identifying the right candidate to serve our town.

In the meantime, I remain focused on building Bloomfield. This includes smart growth and economic development, continuing to support our small businesses and recruiting new businesses. This means investing in our basic infrastructure and reinvesting in our town center. We also continue to promote increased housing options for all, including for our young professionals, working families and our seniors, and cultivating relationships with key state agencies as well as collaborating with our neighboring towns. We are on our way to be a premier town in this state to live, work and play. To do so, we need to keep our shoulder to the wheel and continue building on our tremendous progress.

As we continue to capitalize on our strengths, and work on our weaknesses, I remain excited more than ever on Bloomfield's future.

**THANK YOU FOR ALLOWING ME THIS GREAT HONOR  
OF SERVING YOU AS MAYOR!**

### STANLEY D. HAWTHORNE BLOOMFIELD TOWN MANAGER

**Dear Bloomfield Neighbors,**

With mixed emotions, I tendered my official resignation to the Town Council on February 23, 2023. My final day of employment as Bloomfield Town Manager is April 3, 2023.

Our collective efforts to date have generated accomplishments for which I am proud. Those accomplishments include the temporary fiscal year 2023 millage rate reduction of 1.05 mills (\$2.6 million) for the relief of Bloomfield's property owners; the organizational realignment for more effective governmental operations codified this past summer; the unveiling of an easy to understand and reference five year community investment plan with funded projects in the current budget year of \$6 million, three times more than the previous budget year; a recently awarded grant of \$5.5 million in State sponsored community investment funds; an open, transparent, and focused new budgeting process for the benefit and understanding of stakeholders to promote participation by all; a comprehensive review of diversity, equity, and inclusion in our procurement and employment practices; the launching of organizational- and community-based workforce development plan initiatives; a concerted and

stronger outreach to Bloomfield neighbors through the resources of the new office of strategic communications and government affairs; funding of a comprehensive satisfaction survey to hear from our neighbors on every aspect of Town services; dedicated resources for capital projects and grants funding particularly for new federal infrastructure programs; redevelopment of the Town Center and the Wintonbury Mall with the creation of a redevelopment agency with related tools and powers provided through the Town's Economic Development Commission; and very importantly, the community visioning process that will create a comprehensive, unified framework of values, goals, strategies, and actions that will guide the Town's physical, social, and economic development over the next several decades.

Overall and without debate, I am most proud during my tenure of the dedicated efforts of community builders (employees) and the gracious support of the community (neighbors) towards building a better Bloomfield (BBB). I thank each of you and I will miss you all.

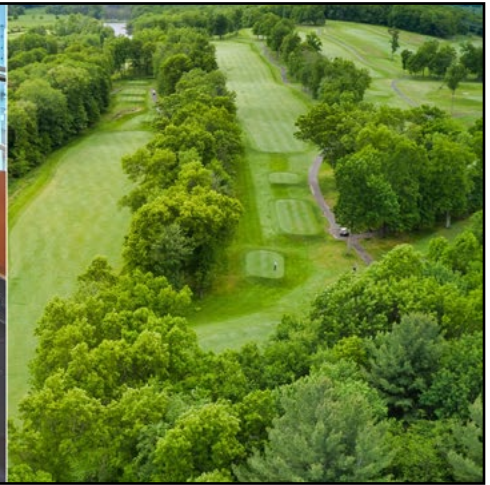

Very truly yours,

*Stanley D Hawthorne*

# WINTONBURY HILLS GOLF COURSE

Designed by Tim Liddy with Pete Dye in 2005, the 18-hole layout at Wintonbury Hills is set in Bloomfield, to the north west of Hartford, and it's one of the best municipal golf courses in all of New England. Several of the holes are laid out close to the Bloomfield reservoir and the course moves effortlessly through eighty acres of wetlands and forest, across environmentally sensitive terrain that required extensive pre-construction permitting.

Featuring three par fives and five par threes, the layout measures a sensible 6,711 yards from the back tees and it plays to a par of 70. One of the feature holes on the course arrives at the 455-yard par four 14th, which plays along the town's water retention reservoir.

Wintonbury Hills was designed as a walking golf course for the public, with greens and tees placed in close proximity and it quickly gained rave reviews from a number of publications after it first opened for business.

In addition, Wintonbury Hills features The Tap Inn, which provides fresh, made-to-order dishes for breakfast, lunch, and dinner.

There is a practice facility on site, and the course hosts a number of golf leagues, while also offering group and individual lessons.

More information can be found at: <https://www.wintonburyhillsgolf.com/>

## OTHER GOLF COURSES IN BLOOMFIELD

### GILLETTE RIDGE GOLF CLUB

Located on the Cigna headquarters campus, it is the only public Arnold Palmer designed course in the Northeast. The course sprawls across a beautiful landscape covered with natural wetlands and forests of towering maples, oaks, and elm trees.

### TUMBLE BROOK COUNTRY CLUB

Spread out amongst nearly 229 acres, 27 holes of exceptional golf were collaborated by three individual architects -- Park, Smith and Fazio -- each with a unique outlook and course layout.

## Need Help Paying Your Natural Gas Bill?

JOIN US

**Thursday, April 6, 3-6 PM**  
**Alvin & Beatrice Wood Human Services Center**  
**330 Park Avenue, Bloomfield, CT**

### ABOUT THE EVENT

- Speak one-on-one with representatives from Connecticut Natural Gas (CNG) to discuss hardship and assistance programs you may qualify for, including the Matching Payment Program, Payment Arrangements, and more
- Qualifying customers can enroll in assistance programs on-site with the help of CNG customer service representatives
- Customers will be able to apply in person for CEAP (Connecticut Energy Assistance Program) through Community Action Agency - Community Renewal Team, Inc. (CRT)
- Customers will be able to apply in person for Operation Fuel

### LEARN ABOUT

#### CNG Assistance Programs

- **Matching Payment Program** – For families that qualify, CNG will match every dollar paid by you or on your behalf (up to a zero balance) if you successfully complete the plan. So, you pay a portion, energy assistance pays a portion and we pay a portion. Bottom line: you may have to pay for only about one-third of your gas heating expense if you qualify.
- **Flexible Payment Arrangements** – We will work with you if you are having trouble paying your gas bill. We offer flexible payment arrangements for all customers needing assistance. These arrangements can be spread out up to 18 months for residential customers and 6 months for non-residential customers. Current payment arrangements may be renegotiated due to a change in financial circumstances Per Conn. Agencies Reg. § 16-3-100(b) (3)(A).

- **Winter Protection Program** – CNG offers winter protection to all our customers that qualify. If you meet eligibility requirements, we will not turn off your gas between November 1, and May 1. The Winter Protection Plan must be renewed annually, beginning in October. To prevent your service from being shut off after May 1, contact us to setup a payment arrangement.

Please visit us at [cngcorp.com/HelpWithBill](http://cngcorp.com/HelpWithBill) for more information about these programs.

Juneteenth (short for “June Nineteenth”) marks the day when federal troops arrived in Galveston, Texas in 1865 to take control of the state and ensure that all enslaved people be freed. The troops’ arrival came a full two-and-a-half years after the signing of the Emancipation Proclamation. Juneteenth honors the end to slavery in the United States and is considered the longest-running African American holiday.

Join us as the Town celebrates Juneteenth and recognizes the achievements of the African American community in Bloomfield and beyond.

# PLAN BLOOMFIELD

**VISIT: [PLANBLOOMFIELD.COM](https://planbloomfield.com)**

Plan Bloomfield is our Town's guide for the future. It shows where we have been and lays out the vision for where we are going. Everyone in our community has a stake in this plan, and we encourage everyone to participate in creating it.

Officially, Plan Bloomfield is a Community Vision and Plan of Conservation and Development (POCD) update that will serve as the guiding document for municipal decision-making over the next decade. In Connecticut, a POCD is required to be updated every 10 years and covers a wide range of topics such as land use, housing, natural resource management, infrastructure, resilience, economic development, social services, transportation, cultural and historical assets, and energy.

The Town would like your thoughts on how Bloomfield should grow and change in the future. Your response to this questionnaire will help develop the community vision for Bloomfield and put forward recommendations for the 2023 POCD. This is an opportunity for everyone in the community to decide how to guide change over the coming decade.

# BOARDS & COMMISSIONS SPOTLIGHT

The Bloomfield Humanities Committee (BHC) is an ad-hoc committee (appointed by the Mayor), that is committed to celebrating the rich diversity of Bloomfield. BHC works to increase cultural awareness, understanding and positive relationships, all while fostering civic engagement.

Over the years, Bloomfield’s demographics have changed, enabling our community to benefit from the fluid cultural patterns that contribute to our thriving diverse community. Building on our history, the goal of BHC is to ensure that Bloomfield

continues to offer an inclusive experience to everyone within our community, both long-standing residents and those who have just arrived.

In January, The Bloomfield Humanities Committee collaborated with The Holocaust Education Resource and Outreach (HERO) Center--a joint initiative between Voices of Hope and Maurice Greenberg Center for Judaic Studies--to offer a virtual program honoring Holocaust victims and survivors, including Bloomfield resident and survivor, Ruth Weiner.

# BLOOMFIELD HUMANITIES

## TRAILS COMMITTEE

The members of the Trails Committee serve as the voice of the community and work to capture recommendations for improvement and/or maintenance to be shared with the Town Council and/or the liaison to the committee, the Town Manager and/or their designee.

One of Trails Committee’s main priorities right now is the East Coast Greenway Study. The Capitol Region Council of Governments (CRCOG) has initiated a study to identify the preferred alignment of the East Coast Greenway through the last remaining 12-mile gap in the Capitol Region in Simsbury, Bloomfield, Hartford, and East Hartford. The East Coast Greenway is an off-

road walking and biking route stretching 3,000 miles from Maine to Florida. In Connecticut, the East Coast Greenway consists of a 200-mile route between the Rhode Island state line at Sterling, Connecticut and the New York state line at Greenwich. In Connecticut, the completed portions of the East Coast Greenway utilize a series of trails including the Air Line Trail, the Hop River Trail, and the Farmington Canal Trail.

## BOARDS & COMMISSIONS SPOTLIGHT

The Town Plan and Zoning Commission is an elected Commission consisting of 10 members (seven full members, and three alternates). This Commission is responsible for the use of land within Bloomfield. This is done primarily through the creation and implementation of the Zoning Map, Zoning Regulations, and Subdivision Regulations. The Zoning Map divides the Town into various commercial and residential zones.

The Regulations provide requirements for the use of the land in the different zones, including things like minimum lot size and required setbacks. The Subdivision Regulations provide a similar set of rules, but specifically for the division of land into separate parcels. The Commission reviews both sets of Regulations, along with the Zoning Map, and is charged with making any necessary or desired amendments to them through a public hearing process.

Based on the requirements of the Regulations, the Commission also reviews applications pertaining to the use of land and the construction of buildings. Oftentimes, this is also done through a public hearing process, allowing Bloomfield neighbors to voice their thoughts and concerns about developments.

The Commission is also responsible for the adoption of a Plan of Conservation and Development. This is a ten-year plan, which is required to be adopted by every municipality in the State. More information on the POCD can be found on Page 9.

## COMMISSION ON AGING

The mission of the Commission on Aging is to honor the dignity and diversity of our citizens who are age 55 or older through health, nutrition, transportation, and social programs that support and enhance their quality of life.

Established in 1971, the Bloomfield Commission on Aging (COA) is your local community advocate for older person's and their care givers. The Commission is funded and appointed by the Town Council. Our mission is to honor the dignity and diversity of our citizens who are age 55 or older through health, nutrition, transportation, and social programs that support and enhance their quality of life.

If you are 55 or older, or a care giver, you may be unaware of all of the services that are available to you. The Bloomfield Commission On Aging and Senior Services Department are here for you!

The Town of Bloomfield Senior Services Department is accredited by the National Institute of Senior Centers.

## FROM THE TOWN CLERK

Anyone over the age of 16 is required to obtain a fishing license, available in the Town Clerk's Office. No license is required for youth under the age of 16, as long as they are accompanied by an adult who holds a current fishing license. A list of fees can be found on the Town Clerk's webpage. Connecticut residents over the age of 65 can receive a license at no fee. The Trout and Salmon stamp is required for anyone fishing in a Trout Management Area, Wild Trout Management Area, Trout Park, or Atlantic Salmon Broodstock Area, and the cost is \$5.00.

All dogs 6 months and older must be licensed in the town in which they reside. All dogs shall be licensed in the month of June or penalties apply. Beginning July 1, there is a \$1.00 registration penalty for each month that a dog has been unregistered. Licenses may be obtained provided that you have a current rabies certificate and a verification of your dog having been neutered or spayed, if applicable. The fee for a spayed/neutered dog is \$8.00, and the fee for a non-spayed/non-neutered dog is \$19.00.

## BLOOMFIELD HISTORICAL FACTS

In 1970 Bloomfield was honored with the designation as an All American City. This award recognized Bloomfield as a community that leverages civic engagement, collaboration, inclusiveness and innovation to successfully address local issues. In 2020 Reader's Digest also honored Bloomfield as one of the Nicest Places in America because its residents do heroic things every day to make their hometown an even better place to live. In the summer of 2020 a hate crime galvanized the community to fight for justice in their Town and across the country.

The National Civic League's All-America City Award has celebrated the best in American civic innovation since 1949. The Award, bestowed yearly on 10 communities (more than 500 in all), recognizes the work of communities in using inclusive civic engagement to address critical issues and create stronger connections among residents, businesses and nonprofit and government leaders. Cities, counties, tribes and community organizations of all types are invited to apply for the annual designation.

The All-America City Award shines a spotlight on the incredible work taking place in communities across the country. By celebrating the best in local innovation, civic engagement and cross-sector collaboration, the All-America City Awards remind us of the potential within every community to tackle tough issues and create real change.

## CodeRED™ EMERGENCY NOTIFICATION SERVICE

The Town of Bloomfield has contracted with CodeRED to provide emergency notification services to citizens. This system will serve as the backbone of Bloomfield's emergency communications outreach to both citizens and Town employees. The system sends telephone calls, text messages, emails and posts to social media channels to inform residents to better protect life and property. People living and working within Bloomfield are encouraged to enroll their contact information including cell phone numbers, text and email addresses. No one should automatically assume they are in the emergency contact database.

**SIGN UP NOW**

### **What is CodeRED and what is it used for?**

CodeRED is a web-based critical communication solution that enables local public safety personnel to notify residents and businesses by telephone, text message, email, and social media of time-sensitive information, emergencies, or urgent notifications. The system can reach hundreds of thousands of individuals in minutes to ensure information such as evacuation notices, missing persons, inclement weather advisories, and more are quickly shared. Only authorized officials have access to send alerts using the CodeRED system.

### **When will CodeRED be used?**

Any message regarding the safety of our residents and community will be disseminated using CodeRED.

We will send out alerts via phone, text, email, and social media in a variety of situations including rising water level notices, gas leaks, evacuation notices, police activity, fire emergencies, missing persons, and more.

This is a community alert system to ensure you remain informed of important information.

As you register to receive CodeRED alerts, you have the ability to select the types of messages you wish to receive and your preferred means of communication.

### **Is there a cost to register for CodeRED?**

No, registering for CodeRED phone calls, text messages, and email are free. Simply sign up on our enrollment website and select your preferred means of communication.

### **How will I know when CodeRED is calling?**

A CodeRED message will have the caller ID # 866-419-5000 for emergencies and caller ID # 855-969-4636 for non-emergencies. We suggest that you program these numbers into your cell phone as a "new contact" and use "CodeRED" as the contact name. If you need to replay the message, you can dial this number and listen to the message again.

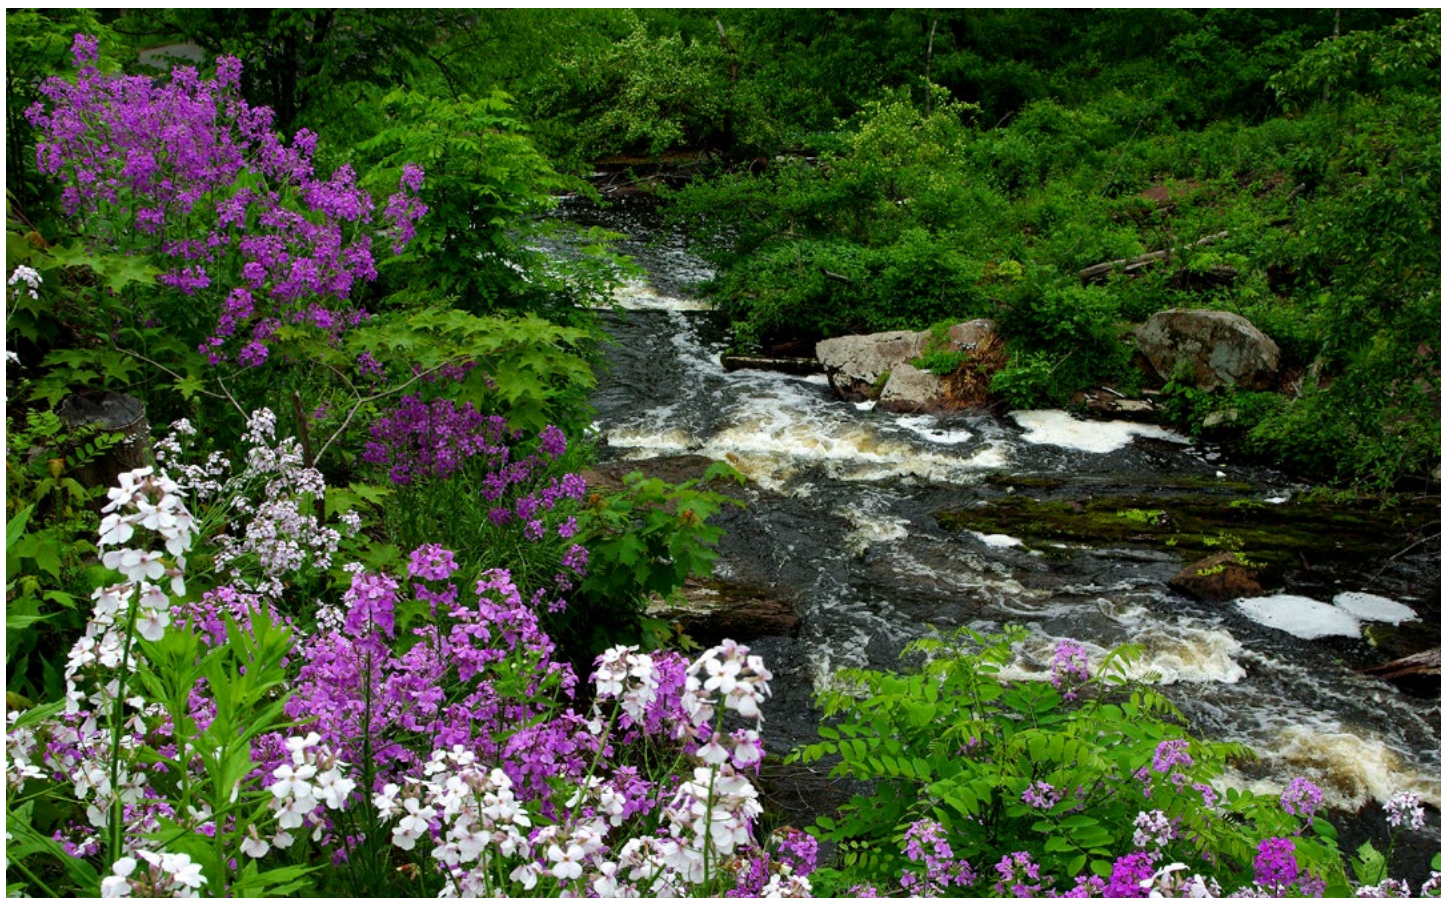

### **Why is CodeRED important to me?**

CodeRED is an important tool to help keep you informed and prepared for any emergencies that may occur in our area. Officials will send messages to alert you of emergency details, instructions, or precautions that you need in order to make well-informed decisions and remain safe. This system is precise enough to geotarget residents within an exact area of impact, so that only those people who are affected by an emergency situation are notified.
